Print Date 04/28/2025

Hazardous combustion products	: Carbon dioxide (CO ₂) Carbon monoxide Smoke Bromine compounds
Specific extinguishing methods	: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Further information	: Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. For safety reasons in case of fire, cans should be stored separately in closed containments. Use a water spray to cool fully closed containers.
Special protective equipment for firefighters	: Wear self-contained breathing apparatus for firefighting if necessary.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	: Use personal protective equipment. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.
Environmental precautions	: Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains, inform respective authorities.
Methods and materials for containment and cleaning up	: Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

SECTION 7. HANDLING AND STORAGE

Technical measures	: This product has no measured flash point and is non-flammable per OSHA, CPSC, and DOT regulations. However, the vapors of this product will form a flammable mixture in a narrow concentration range of 4.6 % to 8.5 % by volume in air based on n-propyl bromide. Do not weld or cut any drum with a torch that contains this product because residual vapors in the drum could be in the flammable range and an explosion could occur.
Advice on safe handling	: Avoid formation of aerosol. Do not breathe vapours or spray mist.
